## **Caritas Ambassadors** **Donation Challenge**

Dear Parents/Carers,

Within our Year 4 Caritas Ambassador meetings, we have spent the year focusing on how we can help others within our local community. Through these discussions, the children have created an Action Plan of what they would like to achieve this academic year. In discussions the children decided to help serve our local community by donating items that are no longer needed, but are still in great condition. These may include: clothing, soft toys, shoes, coats and other items that could be gratefully used by others.

All we ask to complete the challenge is this:

- Gather items that are of great/near perfect condition.
- Take donation items to your local/closest charity shop/clothes donation bank.
- Please take a photograph of the children sorting/donating the items. Photos can be brought/emailed to school where they will be shared and displayed.

In Jesus' footsteps, we are determined to serve our community and help create a better world.

**Please ensure that donations are taken directly to donation banks.**

**Unfortunately, there will not be a place for us to accommodate donations in school.**

Thank you for all your continued support.

Yours sincerely,

**Year 4 Caritas Ambassadors**
