This week at St. Bernard's

I am delighted to share more wonderful moments from our school life this week. Our children continue to inspire and amaze me with their creativity, curiosity, and collaborative spirit.

In Reception, our youngest learners continued an enchanting journey through fairy tales, with a special visit from the Three Little Pigs. This immersive experience brings stories to life and sparks imagination in our early years' children.

Our Year 1 children have been exploring history and technology in a fascinating project about the Great Fire of London. They have been developing their digital literacy skills by creating informative posters that showcase their understanding of this significant historical event. It's wonderful to see our children engaging with history in such an interactive and modern way.

Year 4 have been completely captivated by C.S. Lewis's classic novel, *The Lion, The Witch and The Wardrobe*. Their creativity has truly shone through as they crafted intricate Narnia setting boxes, which will undoubtedly enhance their writing and bring the magical world of Narnia to life in our classrooms.

We held our first House Afternoon of this academic year where our school community came together to celebrate Advent. It was heart-warming to witness the older children supporting and caring for our younger learners, truly embodying our school's mission of being a family. Seeing children from different year groups working together, sharing, and supporting one another reflects the core values we hold dear at St. Bernard's.

These moments remind me of the incredible learning community we have built together. Our children are not just learning academic skills, but also developing compassion, creativity, and a sense of belonging.

Have a wonderful weekend as we enter into the season of Advent and the start of the Church's new liturgical year.
